BISHOPSGATE 2599

OFFICERS OF THE GUILD—1963

President:

The Right Rev. the Lord Bishop of St. Edmundsbury and Ipswich,
Dr. A. H. MORRIS

Patrons:

The Right Hon. the Earl of Cranbrook
The Right Hon. Lord Cranworth, K.G., M.C.
R. A. Vestey, Esq.

Vice-Presidents:

The Venerable T. R. Browne, B.D., Mr. B. Chilvers, Mr. Charles E. Fisher,
Mr. Cecil W. Pipe, Mr. H. Claude Rush, Mr. Charles J. Sedgley, Mr. G. E.
Symonds

Ringling Master:

Mr. L. G. Brett, 109 St. John's Row, Framsdon, Stowmarket

General Secretary and Treasurer:

Mr. John W. Blythe, 29 Holton Road, Halesworth

Hon. Auditor:

Mr. J. W. H. Preastner, Wickham Market

Committee:

The President, the Vice-Presidents, the Ringling Master, the General
Secretary and Treasurer, Technical Adviser, the District Secretaries (ex-
officio), together with one Elected Member from each District.

Central Council Representatives:

Messrs. John W. Blythe, Leslie G. Brett, Miss A. E. J. Lester, Cecil W. Pipe.

Pearson Handbells Trustees:

Mr. G. E. Symonds and Mr. R. Whittell

Hon. Technical Adviser:

Mr. R. W. M. Clouston, Lavenham, 1 Canons Close, Radlett, Herts.

GENERAL SECRETARY'S REPORT

1963 saw the amalgamation of the two Central Districts into one with the following adjustments. Framlingham, Fressingfield, Cratfield, Laxfield, Mendham, Dennington, Weybread and Badingham have been transferred to the North East District. Ashbocking, Blaxhall, Easton, Monewden, Otley, Tunstall, Wickham Market and Hacheston are now in the South East District. It is to be hoped that this arrangement will now prove satisfactory.

The Guild approved the following subscription rates to operate from January 1st, 1964, together with the abolition of compound subscriptions. Resident and Hon. Members 5/- annually. Junior members under the age of 16, 2/6 annually. Non resident Life members, one payment of 10/-. The qualification of members with five years consecutive subscriptions to their credit to be able to become non resident life members without further payment should they remove from the Diocese to remain in force.

The Ladies Guild honoured us by holding their Annual General meeting at Ipswich during the year. This was the first time that it had been held within our territory.

The first Striking Competition to be held took place at Bredfield on August 31st, and proved to be a most successful afternoon. The winning band was led by Mr. Howard Egglestone of Henley and were presented with the Shield so kindly donated by Mr. Hubert Mitson. This is to be an annual event and it is to be hoped that the weather will always be as kind as it was at Bredfield.

Another new venture, which it is hoped that it will be possible to repeat, is a week-end course of instruction for would be instructors and conductors, to be held at Belstead House, Ipswich, January 21st to February 1st, 1964. This has been very kindly sponsored by The East Suffolk Education Committee.

The accounts show an excess in income over expenditure which is very gratifying after the trend of 1962. This is due very largely to reduced expenditure and shows that 1964 will prove that the increase in subscriptions which takes place then is necessary.

Further bell restoration has been carried out at Hartest and a grant was made to that parish from the Bell Fund.

The Central Council Meeting was held at Great Yarmouth when all four representatives attended.

In conclusion may I thank everyone who supported the Guild in any way during the year especially Mr. and Mrs. Frank Lufkin who so kindly judged the Striking Competition.

JOHN W. BLYTHE, General Secretary and Treasurer.—

RINGING MASTER'S REPORT—1963

Once again a low peal year with only 55 to record, a decrease of one from 1962.

As our only 12 are not now pealable it is obvious no peals of Cinques or Maximus were rung. Anyway, there are four peals of Royal, but only one of Caters (Grandsire). 23 Peals of Major, included 13 of Surprise "Biddenden" rung in the county for the first time.

Our Grundisburgh friends finished the year with the one and only "Bob Triples". Again the Minor bands have topped the list with 25, several in seven or more methods. Two of Doubles completes the total.

These peals were rung in 38 towers and 29 shared the conducting, again headed by J. W. Blythe with eight, Ernest Steward calling his first and Miss R. Browne of Blaxhall ringing her first.

Peals of special mention are: St. Matthew's, Ipswich, "first" for 25 years.

The "Alan" peal at Lavenham, three of which reside in the county.

To Alan Munnings, congratulations, it is certainly unique an honour to ring a name peal for one's first.

Bob Major at Henley: Stanley Bloomfield, although he has been ringing for 30 years, has scored his first.

Not forgetting that stalwart of Leiston fame, Reg Kersey, who has made a come back after 30 years, is to continue, it is hoped.

Joe Roast and his band from over the border rang "London" at Lavenham, the only peal for the Guild in memory of President Kennedy.

First peal credit also goes to John Byatt (15) and William E. E. Pye (14). It is certainly great to see again that once familiar name in the peal columns and that it should be rung in a Suffolk tower.

Although quite a lot of bells are still silent in the county, maybe through lack of ringers or repair, it is most encouraging to know that 61 quarter peals, in 30 towers, were rung, most of these for some form of service.

Congratulations also go to our Rougham friends who rang 48 720's in 20 different methods. Good Going!

Credit goes to the Barking band who head the quarter peals with seven, while Elveden has five. How encouraging to see this once very quiet tower coming to the front.

The remains of the Framsdon band have assisted in Service ringing in several places.

Ringling with a difference, for the first time took place in Ipswich during Christmas, when several young ringers played "Carols", etc., on the Town Hall steps in aid of S.M.L.T. bells. To Howard Egglestone, as instructor, G. R. Goodship and all who took part. Well Done.

LESLIE G. BRITT, Ringing Master.

TECHNICAL ADVISER'S REPORT

During 1963 your Technical Adviser reported on the bells in a Further 25 Suffolk towers bringing the total to date to 266, which is rather more than half the total of some 500 towers in the Diocese.

Of the 25 towers concerned 11 contained 4 or more bells, being those at Mendlesham (5), Dalham (5), Lavenham (8), Gazeley (6), Great Cornard (5), Little Cornard (5), Sapiston (4), Chevington (5), Worlington (5), Ipswich St. Mary at the Elms (5), and Mendham (6).

At Mendlesham it is hoped in due course to add a treble to make six and hang the new bell in the space provided in the frame when they were last rehung by Days of Eye in 1897.

At Dalham there is a very interesting pre-Reformation bell frame 16 ft. square in plan by 13 ft. 10 ins. tall, a veritable 'cage'. On my visit we rang the three tenors in full circles and the two trebles half up. There is some frame movement and the headstock on the third is in a poor state. With ropes the bells would be just about ringable but it is reported that they were rather hard work when last rung.

At Lavenham the existing frame is as old as the top of the tower, 1525. It is not in good condition due to extensive decay, and though some members are 17 ins. square in section the long term position is unsatisfactory. Consideration is now being given on what action to take.

Gazeley bells are now unringable. Most are very worn where the clappers strike, the fourth bell headstock is in a very bad condition and the N gudgeon on the fifth is loose on the stock.

Great Cornard were hung dead in 1947 when the treble was recast. Now the clock dial rod, installed in 1951, passes right through the centre of the elm deadstock supporting the tenor!

Little Cornard also has five bells and these too are quite unringable. In fact there were piles of sticks by three of the bells up to the crowns. The fourth is cracked, and the third probably so though the sticks made the exact location of the crack difficult.

The four bells at Sapiston are sound but their fittings and frame are in a very poor state indeed. The pre-Reformation $8\frac{1}{2}$ cwt. tenor has never been turned and is worn to a depth of $\frac{1}{2}$ in. on one side, wear in excess of $\frac{1}{4}$ in. can be considered dangerous!

Chevington bells were last rung about 1930. They were rehung with new fittings in a new frame by Bullock of Ixworth in 1905 and a peal was rung on them in 1907. There is a dummy upper section to the tower, added about 1800, which has been causing trouble over the years.

Worlington tenor (8 cwt.) is a fine bell bearing the name of John Godynge of Kings Lynn who was working about 1310. In 1850 Taylors added a treble to make five and recast the present fourth. They were all hung with new fittings in a new frame at the same time. Now the timberwork is extremely badly wormeaten and decayed and the bells are quite unringable.

The five at St. Mary at the Elms, Ipswich, have had little done to them since 1800 and are now in a serious condition even for swing chiming, mainly due to weak securing straps, very worn soundbows, and a clapper which is too long. The anti-clockwise circle has the treble rope falling between second and third.

At Mendham the rope circle is exactly the same and only the tenor of the six is safe even to swing chime; the others suffer from a too long clapper, very loose in headstock, seriously worn in soundbow, and the fifth has a badly broken lip which has affected the tone.

The five at Tuddenham St. Mary, by Mildenhall, are chimed from a manual and are now quite past swinging in full circles. The diagonally mounted frame is in a bad state and the fittings are fragmentary.

At Blaxhall it is intended to rehang the six bells in a new lowside cast iron frame with entirely new fittings. The present frame distorts and the fittings are basically those of 1881.

At Exning it is hoped to put the organ in the lower stage of the tower and the new ringing chamber will be on the first floor to be reached by a new internal staircase.

At Stoke by Clare a heating system is to be added on the ground inside the tower by the nave wall. This will involve a slight rearrangement of the ground floor ringing chamber. The clock occupies the first floor and ringing will have to continue from the ground.

At Nayland the brick upper section of the tower put on in 1832 and replacing an earlier timber spire has been removed as the pinnacles were unsafe. A new timber spire is to be erected and the bells, which are now at the foundry, will be rehung in a new frame lower down the tower than formerly.

At nearby Wissington the tenor to three which has been in two pieces for many years has now been lowered to the ground.

At Hartest a new treble to make six was dedicated during the year, and an Ellacombe chiming system has been installed for the five at Groton which will be much safer than the clocking in use at the time of your Adviser's visit.

There were fragments in Coddanham ringing chamber of a chandelier presented by Theodore Eccleston in 1740. He was instrumental in getting the present Coddanham eight cast and Stonham Aspell made ten and was Master of the Ancient Society of College Youths in 1750. The chandelier has now been restored to its former state and it is to be hoped that in time the bells he gave to this church will be overhauled.

At Martlesham the cracked tenor to three has been recast and all have been rehung with new fittings for swing chiming.

Your adviser has now had a personal look at all the unringable rings of bells in the Diocese, and he has made detailed reports on the state of a good many of them. He is sure that if change ringing could be made to flourish in the area many of them would be overhauled but as it is the parishes do not feel like spending over £1,000 on a set of equipment which probably will not be fully used.

R. W. M. CLOUSTON.

NORTH-WEST DISTRICT REPORT

Four ringing meetings were held during the year at Mildenhall, Rougham, Ixworth and Lakenheath. The attendances were fair and it is to be hoped that they will be better in the coming year.

Membership has dropped slightly during the last two years. Practice meetings held during the year were well attended.

It is with deep regret that we record the death of Mr. J. W. Jennings of Whepstead, which occurred quite suddenly at his home last August, at the early age of 53 years. He was a most reliable ringer who will be sadly missed and our sympathy goes out to his wife and family.

Once again the end of the year has come and I sincerely thank everyone for their support.

A. F. BALLAM, District Secretary.

SOUTH-EAST DISTRICT REPORT

Our quarterly meetings were held at Ipswich, Holbrook and Stutton, Hollesly and Rushmere St. Andrew, with a fairly good attendance at each meeting. It was pleasing to see the younger members in company with the "Old Faithfuls".

We regret to report the untimely death of one of our Hon. Members, Mr. S. Goodwin of Grundisburgh. He will be remembered as a good friend to ringers and a good Church worker.

Mr. D. Buxton of Grundisburgh has taken up an appointment in South Africa. We wish him and his wife success and happiness. Mr. A. Clarke, also of Grundisburgh, has taken up employment in London and we wish him all the best. We welcome back to the Guild Mr. and Mrs. G. W. Pipe. I am sure that when they settle into their new home they will be a great help to us all.

Mr. H. Egglestone is making good progress with his young band at Henly, as also is Mr. A. Beckwith at Ashbocking. We wish them every success.

May I, in conclusion, thank everyone who has helped me as Secretary. Good Ringing in 1964.

E. G. PEARCE, District Secretary.

SOUTH-WEST DISTRICT REPORT

We have held meetings in 1963 at Hadleigh, Stratford St. Mary and Higham, Polstead and All Saints, Sudbury (A.G.M.), with an average attendance of 22.

During the year wedding bells rang for two Bures ringers, Allen W. Cansdale (District Ringing Master), and Donald L. Mills—we wish both couples every happiness for the future.

We regret having to report the deaths of Canon J. D. Barnard (Honorary Member of Cavendish), and Mr. L. Poulson (Ringing Member of Little Waldingfield).

May I thank everyone who has supported me throughout the year, and with Mr. L. D. Mills and Miss J. Cant every success in their new offices, as District Ringing Master and Secretary.

(Miss) EVELYN R. M. CANSDALE, District Secretary.

CENTRAL DISTRICT REPORT

The transfer of the greater part of the East Central to the West Central to from one Central District became a reality during the past year. The beneficial results will become more evident as the union is strengthened and the area consolidated. The new Central District includes fifty-nine parishes with two rings of ten bells, ten of eight, twenty-four of six and twenty-three of five bells, yet it is doubtful whether in more than four or five of these parishes are the bells rung regularly for Sunday services. The quarterly meetings held at Buxhall, Walsham-le-Willows, Wilby, and Debenham, together with the evening practices at Wovlingworth, Stonham Aspall, Hindevelay, and Wingfield were arranged to cover the whole area. The quarterly meetings were poorly attended by Central District members, but the practice meetings proved popular and useful. We thank the members of other Districts, particularly the stalwarts from the N.W. District, for their regular and loyal support, but above all, we wish to acknowledge the excellent service given by our Ringing Master, Mr. Robert Lester, who always arranges a programme to meet the needs of the beginner and the skill of the more expert. The "striking" competition held at Bredfield aroused considerable interest and we congratulate the team of youngsters from the S.E. District who beat our team to second place. We regret the resignation, for health reasons, of our chairman, Mr. H. Mitson, but welcome Mr. H. Leather to this office. Promising instructional work is continuing at Barking, Debenham, Mendlesham, Wetheringsett and Worlingworth, and next year we hope to enrol more new members. We welcome this opportunity of announcing the following programme of meetings arranged for 1964. The Hon. Sec. would be grateful if all members would attend at least one meeting and bring the annual subscription of five shillings.

Quarterly Meetings (from 2.30 p.m.)

THE SUFFOLK GUILD OF RINGERS

INDEX AND DIRECTORY OF TOWERS

The following code has been used to show the condition of the ring:

10. Excellent. Ball bearings, modern frame and fittings.
9. Excellent. Plain bearings, modern frame and fittings: or ball bearings in an old frame.
8. Good going order.
7. Fair going order.
6. Poor going order.
5. Ringable if cleaned up and odd fittings and ropes provided.
4. Ringable with difficult and a degree of risk after making odd repairs.
3. Unringable mainly because of tower, and/or frame arrangement and position.
2. Unringable mainly because of frame and/or fittings.
1. Hung dead.
0. Some bells unhung and on the ground.

While every effort has been made to ensure that the information given is accurate, the Technical Adviser would be very pleased to hear of any corrections.
